### Description:

Flat, flatter, CMP-101!

It is pretty nearly everything, that can be called an insiders' tip, but in case of our CMP-101, this expression is by all means justified. Because the player did not push itself to the fore although its persuading benefits. But here it is now to present its advantages. Definitely, the most stunning feature is its very flat appearance. The CD and MP3 player requires units and thus turns to be enormously flexible as it can be installed space-savingly. Moreover, it possesses a functional slot-in drive and anti shock function, that, due to its 40 seconds, can be referred to as remarkably bounteous. And in addition, pitching is possible and the usage very simple, this flat representative deserves to become more than just a insiders' tip.
