Description:

The INTUSCAPE 6FP80R is the most compact choice to bring background music to any venue's outdoor areas. Its one-shell design from impact-proof ABS resin with a recessed baffle insert provides superior protection against rain. A PP cone woofer and a silk dome tweeter likewise withstand the rigors of outdoor use. Nonetheless, the vented design and the controlled dispersion deliver a pristine sound quality. An internal line transformer with switchable load, a real crossover - not just a capacitor - and our unique cable gland cover as well as the ball head bracket complement the elegant looks of this speaker.

Logistic

EAN / GTIN: 5060502923493

Weight: 3,66 kg

Length: 0.25 m

Width: 0.21 m

Height: 0.37 m

Features:

- Advanced passive crossover for best sound quality
