Description:

Singstar!

Frankly speaking, if you are not a good singer, these microphones will not conjure and bestow a voice of gold upon you - only computers are able to do so. But if there is some talent, then this series will be a fast friend and assists your skills so they will come into their own. The base for it consists of a good workmanship and the technical inner workings, that cannot be faulted. The mics handle high volumes without distortion and due to the well-balanced frequency range a natural sound is always guaranteed. So, take up our mics and start singing.

Logistic

EAN / GTIN: 4026397252767

Weight: 0,70 kg
