Description:

The ultra-portable Ciao 360° Bluetooth conference speakerphone is the perfect work partner for meetings in the office, at home and on the go.

Great 360° full-range sound: 3 omnidirectional microphones efficiently pick up sound within a 3 meter radius, ensuring participants hear and are heard clearly from all angles. So you can stand up and walk around - not a single word is lost.

Seamless full-duplex communication: Speakers can talk at the same time without audio interruptions. You will never miss a word again in meetings with multiple speakers.

Zero installation: Simply connect to your smartphone, tablet, laptop via Bluetooth or USB-A cable to computers and your meeting is up and running in seconds. Ciao 360° requires no installation process at all and is easily compatible with all leading online conferencing services like Skype, Zoom, Microsoft Teams, WebEx etc. and is also an excellent music player.

The built-in powerful digital signal processor, along with a customized echo cancellation algorithm, ensures that every spoken word has stunning definition and clarity.

Cool control features: The practical design with a large rotary control makes volume adjustment an elegant and comfortable affair. Call control, mute, music control is at your fingertips.

Features:

- Instantly turns any place into a conference room
- Perfect for meetings in the office, at home and on the go
- Clear 360° full-range sound with noise cancellation within a 3 meter radius
- Seamless communication of multiple speakers without audio interruption
- Simply connects to your smartphone, tablet or laptop via Bluetooth
