Description:

Lost in space!

Even in times of MP3 formats marching into the DJ field, CDs are definitely present, vehemently defending their position. For that matter it is logical for us to introduce our new CD case. High quality fashioning, lots of space and huge comfort are the outstanding attributes of this product. 3mm wall thickness and the stability which is given through to the 20mm thick aluminum frame, making the case resilient and nonsensitive. The interior is sponge padded and offers space for 120 CDs altogether. The cover can be taken off easily so the case is perfectly suited for DJ'ing. A special highlight is the extendible telescope handle. It enables, together with two wheels, an exceptionally easy transport. Thanks to this trolley, walking longer distances is no longer a problem and the CDs won't be an unpleasant burden.
