Compact 160 W UV outdoor floodlight

Art. No.: 4000480

GTIN: 4026397289947

The article is no longer in our assortment.

Description:

The dark side of the power!

Although it doesn't shine black in fact, it yet is colloquially called like that: the black light. Anyway, the effect is very popular and a real lighting classic. But not only because of this we are quite sure, that our MIK UV 160W will find many friends. Because whether for architectural lighting or large stage backgrounds, its power enthruses. The jet-proof and robust construction is perfectly suited for out-of-doors and by the way, can be installed on open air events to deflect mosquitos from getting on the nerves of the spectators.

Features:

- Stylish static spot
- For architectural lighting or large stage backgrounds
- Aluminum die-cast housing
- Jet-proof construction for outdoor use
- Ready for connection with silicone cable and safety-plug
- For bright 160 W UV-discharge lamp
