Description:

Powerful black light effects

The LED PARty UV Spot by Eurolite offers atmospheric black light effects and an extremely easy installation: One high-power 30-watt COB LED makes fluorescent fabrics or paints produce otherworldly neon colors or bathes the room in eerie black light. The spot can either be sound-controlled via the built-in microphone or connected to a DMX controller.

Highly flexible

Thanks to the two integrated mounting brackets, you can fixate the spot to the wall or ceiling or simply put it on the floor. All in all, the LED PARty is perfectly suited for home use - for party rooms as well as for kids' rooms. Just put the plug into the socket and get the party started!
