Set with motor, mirror ball, chain, color pinspot and IR remote

Art. No.: 50101862

GTIN: 4026397446142

The article is no longer in our assortment.

Description:

Amazing disco atmosphere and easy operation - this set makes it possible!

This affordable Eurolite mirror ball set in professional quality brings brilliant RGB colors to any party location and creates instant disco feel!

The set includes a mirror ball with a diameter of 30 cm covered with countless little mirrors. Thanks to the supplied motor, type MD-1015, the ball slowly rotates on its own axis while reflecting colorful light beams to create the familiar disco effect. The necessary light is provided by an Eurolite PST-9W pinspot which, of course, is also included in this set.

During operation, you can either rely on the fully automatic mode or you take matters into your own hands and use the supplied IR remote control. You can choose from slowly fading colors and preset intervals for rapid color changes; brightness and color mode can also be adjusted manually. It's entirely up to you to make the most of your event!

Features:

- 2 Mirrorball chains 33 cm
- Manual color selection, color change, color fade, brightness adjustment and strobe effect
- Memory function saves last setting when switching off

spotlight

- 1 powerful LED 9 W high-power 3in1 TCL RGB
- Strobe effect
- Control via IR remote control

Motor

- Control via stand-alone
