FIB-207 LED fiber light RGB DMX

Your imagination will know no limits!

Art. No.: 50520250
GTIN: 4026397387704

Features:

- Innumerable uses: as a starry ceiling, firework display, as a unique curtain of light, for Christmas, parties and holiday lighting, etc.
- Fibre optic strands are bundled together and attached onto an illuminator
- Light is transmitted along the length of the fibres to shine at the tips
- Operable via DIP switches or DMX interface
- DMX512 control possible via any commercial DMX controller (occupies 4 channels)
- Sound-control via built-in microphone
- Functions programable via DIP switches: static colors; color change, strobe effect, color fading, speed, blackout, internal program and Master/Slave
- Equipped with 1 x 9W TCL RGB LED
- Through the close chip placement of the multichip technology, an exquisite color mix even with short distances to the illuminated surface is provided
- Power supply via enclosed power unit
- For indoor use only
- Control via Sound to light via Microphone
