

ANTARI DarkFX Drive 4 MK2

DMX control unit for a total of 4 Antari DarkFX Strips or DarkFX Spots

Art. No.: 51100824

GTIN: 4719850658182

The article is no longer in our assortment.

Description:

The Antari DarkFX Drive 4 MKII is a compact driver exclusively designed for the Antari DarkFX high-power UV fixtures.

Equipped with 4 bare wire terminal blocks for up to 4 fixtures, it can be used to adjust dimmer brightness and strobe speed.

The DarkFX Drive 4 MKII is operated in one of two modes: Either in DMX mode with 2 channels via the 5-pin XLR connectors (with RDM support) or in stand-alone mode via the LCD display and the 4 operating buttons. Use the powerCON input to connect it to the mains.

Features:

- Terminal blocks support four fixtures
- The device is cooled by passive convection cooling
- Control via RDM; DMX; stand-alone
- Built with NEUTRIK connector
- Dimmer curves adjustable

Package contents

- 1 x device, 1 x user manual, 1 x power cord
