

## FUTURELIGHT DJ-Head 250 Wash

DJ Moving-Head Washlight

Art. No.: 51839540

GTIN: 4026397229820

**The article is no longer in our assortment.**

### Description:

A classic!

For football it is a match versus Germany and England. For the music business it is a Beatles or a Stones song: a classic. In the lighting technology there are also classics. One of them is our DJ-Head that is equipped with numerous functions - such as the frost filter for a softer beam or the beam shape effect, for example - and that has really proved itself. Moreover, in comparison with the PHP-series, this washlight is even a bit cheaper. So why always aspiring to innovations while elderly devices manifest their class anew, again and again?

### Logistic

EAN / GTIN: 4026397229820

Weight: 27,85 kg

Length: 0.51 m

Width: 0.48 m

Height: 0.55 m

### Features:

- CMY color mixing
- Motorized color wheel with additional 9 dichroic filters plus open
- Rainbow effect in both directions
- Frost-filter for softer beam
- Beam-shape effect: wide and flat beam can steplessly be rotated by 180°
- Shutter/dimmer unit allowing very smooth dimming and a strobe effect of 1-10 flash per sec.
- Pan movement range 530°
- Tilt movement range 280°
- Automatic Pan/Tilt position correction
- High luminous efficiency parabolic reflector
- Light output via fresnel lens with a diameter of 150 mm
- Radiation angle of fresnel lens manually adjustable between 8° and 22°
- High-quality stepper motors for smooth movements
- Control board with 4-digit display for adjusting the DMX starting address
- For MSD/HSD 250, MSD 250/2 lamp
- DMX control via every standard DMX controller

## Technical specifications:

---

|                                     |  |
|-------------------------------------|--|
| Power supply:                       | 230 V AC, 50 Hz                              |
| Power consumption:                  | 700 W  |
| Max. TILT movement:                 | 280° Positioning                             |
| Max. PAN movement:                  | 530° Positioning                             |
| Flash rate:                         | 1 - 10 Hz                                    |
| DMX channels:                       | 13   |
| Dimensions:                         | Length: 43,50 cm                             |
| Weight:                             | 25,50 kg                                     |
| DMX channels:                       | 13   |
| DMX connection:                     | 3-pin XLR                                    |
| Flash-rate:                         | 10 Hz  |
| Color-system:                       | CMY color-mixture                            |
| Color-wheel:                        | 9 dichroic filters and open                  |
| Length of base (including handles): | 435 mm                                       |
| Width of yoke:                      | 410 mm                                       |
| Height (head horizontal):           | 500 mm                                       |
| Legal specifications                |  |
