Description:

Effect light with flower and stroboscope effect, incl. IR remote control

The EUROLITE LED DMF-3 Hybrid Flower Effect is perfect for solo entertainers, small bands and party rooms. Behind the two lenses it is equipped with a total of 12 LEDs in the colors red, green, blue, amber, white and UV.

The two strobe rings of the effect have 36 RGB LEDs, which create fast and dynamic strobe effects. The flower and strobe LEDs can be controlled separately.

You can control them either by DMX, by music control via the microphone with adjustable sensitivity, via the master/slave function or with the included infrared remote control. Four integrated show programs are available in auto and music mode.

Addressing and settings are made via the integrated control unit with 4-digit LED display.

The scope of delivery also includes a swivelling mounting bracket and an additional bracket for setting up the light effect directly on the floor.
