Evergreen houseplant for classy decorations

Art. No.: 82505662

GTIN: 4026397550696

List price: 47.48 €

incl. 19% VAT.

Description:

This elegant houseplant is also known as monocot or peace lily. It finds its use in hotels, residential, office and commercial premises.

With a total height of about 83 cm, the solitary plant is not to be overlooked. A beautiful contrast to the rich dark green of the shiny leaves are the four individually standing inflorescences with white bracts, which enclose the flower bulbs. Characteristic features of the real plant, such as the bushy growth and the pronounced midrib of the decorative leaves, have also been very faithfully reproduced in the artificial counterpart from Europalms.

The artificial plant is supplied in a plain gardener's pot and falls into shape by itself when placed.

Features:

- The article is delivered Ready to stand
- With approx. 19 greencolored lifelike leaves
- approx. 4 whitecolored beautifully flowers

Technical specifications:

Standing/fixation:	Gardening pot
