

EUROPALMS Coconut-bark, untreated

Ideal for own palm decorations

Art. No.: 82510000

GTIN: 4026397541830

List price: 10.71 €

incl. 19% VAT.

Description:

These fiber-like boards are an untreated natural product from palm bark. They are supplied in containers of approx. 1 kg and are easy to process.

When designing jungle decorations or flower arrangements for your event or conservatory, your creative ideas can be easily implemented with the palm fiber material from Europalms.

Palm fiber material gives decorative objects a particularly natural look. For the viewer, there is hardly any difference to the natural models.
