Description:

Set summer accents with the artificial Kentia palm from Europalms.

With its size, it forms an eye-catching decorative element in your premises as a green splash of color.

The lifelike appearance of the artificial palm tree is supported by the use of natural materials in the trunk area. The leaves of the bendable palm fronds are made of textile material and only need to be inserted into fixtures of different heights when assembling the plant.

The palm is supplied in a plain gardener's pot and reaches a total height of about 300 cm from the pot to the palm frond tips.

Features:

- Artificial trunk
- Frond bendable
- The article is delivered dismantled
- Suitable for protected outdoor areas
- With greencolored lifelike leaves
- High quality
