Description:

Peonies (lat. Paeonia), which originated in East Asia, have long since established a permanent place in our home gardens. Depending on the variety, they bloom from late spring to early summer. This artificial flower branch from Europalms offers an easy-care alternative for integrating the fascinating elegance of a peony into your living space as a decoration. The peony branch is equipped with a lush flower that shines in full splendor. It has been carefully modeled to convey the grace and abundance of a real peony blossom. This is particularly evident in the different shades of color of its delicate petals and the beautifully shaped green leaves.

Enrich your home or office with the authentic charm of this artificial flower branch.
