### Description:

He can't be missed!

Whether in your shop, your front yard, or at the Christmas market:

Already by the size of 3 meters alone, the self-inflating Santa Claus by Europalms is a real highlight.

He wears a classic costume in red and white with black boots.

Even in the dark, he is a real eye-catcher, because our Christmas companion is enlightened with cool white LEDs discreetly from the inside.

The protection class IP44 - splash-proof - also allows outdoor installation in sheltered areas.

It is that simple:

For operation, permanently connect the Santa Claus to the power supply with a 1.70 m long supply cable. Then he blows up to his full size on his own. The stable stand is ensured with additionally included mounting cords, which are attached halfway up the figure and the ground. After the season, the figure can be folded up again to save space and wait for its next BIG appearance.
