Description:

Add floral light accents to your interior design with the decorative LED branch from Europalms. The peat myrtle arrangement has a total length of about 180 cm and consists of three interconnected, brown wrapped branches with decorative leaves made of textile. The light source is small yellow-orange plastic balls equipped with LEDs. The arrangement is supplied ready for connection with power supply and a supply line about 3 meters long. With a few simple steps, you can create a stylish, cozy atmosphere of well-being with indirect lighting.
