Small party lighting effect with LED flower, RG laser (2M) and strobe

Réf. : 51741076

GTIN: 4026397622539

L'article n'est plus disponible.

Description:

The LED Mini FE-5 Laser Goboflower by Eurolite turns every location into a small disco and is equipped with 5 powerful LEDs (R, G, B, A and W) for bright flower effects, two laser diodes in red and green (2M) as well as 5 additional RGBAW LEDs for colorful strobe and wash effects. Each effect can be individually controlled via the supplied IR remote control. Sound-controlled operation via the built-in microphone is also possible. The sensitivity of the microphone can be regulated to adjust the light show according to your wishes.

Since the LED Mini FE-5 is a particularly light and small fixture, you can easily take it with you and use the mounting bracket to install it almost everywhere you like. Of course, the power cord and plug are included so you get everything you need for your color explosion in one compact set!
