Description:

The whole spectrum!

Somewhere over the rainbow. This is not just a line in a song or even a cliché, for our TS-10 it is the norm. After all it has - out of just a few scanners - a rainbow effect in its repertoire and therefore sets itself apart from the massive mass of ordinary scanners. But that's not all of course. As it is known for EUROLITE scanners, the color wheel, gobo wheel, manual focus, mechanic dimmer and a strobe effect are also to be found under the features. And just the way the music gives the dance beat, it determines the various movements of the light due to a installed microphone. A scanner - in a very compact shape after all - which you can believe in.

Logistique

EAN / GTIN: 4026397313413

Poids: 15,10 kg

Longueur: 0.66 m

Largeur: 0.31 m

Hauteur: 0.23 m

Caractéristiques:

- Color-wheel with 7 dichroic color-filters and white
