Description:

No matter if it is about houses, billboards, stages or any other outdoor spot. The FL-24-series illuminates everything brilliantly. A perfect partner for outdoor lighting, that is how the powerful LED floodlights can be called. The spots are monochrome, either red, green, blue, yellow, white or RGB and they are available in 10° or in 40° versions of the beam reflection angle. Depending on the direction, the spots produce either impressive light pillars or extensive beams.
