

EUROLITE LED IP FL-24 RGB FC 10°

Brilliant floodlight with LED technology

Réf. : 51914390

GTIN: 4026397304237

L'article n'est plus disponible.

Description:

For special moments!

The Eiffel tower by itself is already very impressive, but have you ever seen it at night when it is illuminated? Then, something special turns into something even more special. And that is what happens to many other buildings, staged in the same manner. Castles, churches, museums as well as private houses would therefore definitely be happy to make the acquaintance of our FL-24. Due to its 24 LEDs that perform very smooth color changes, it brings a color blaze to facades and with its bright light creates an incomparable atmosphere. You should not forego this spectacle.

Caractéristiques:

- Add highlights to your house and garden
- High Power LEDs
- Ideal LED luminaire for indoor or outdoor use
- For permanent installation, mounting bracket included
- Extremely compact housing in an appealing design
- Ready for connection with power cord and safety-plug
- Available in 2 sizes, 4 colors, 2 color temperatures (white), and RGB
- RGB version features Fading Colors (FC) color change: uninterruptedly gradually fades out colors in a given period of time
- 10° beam reflection angle
- Advantages of high-power LED technology: extreme light output, long life, low power consumption, defacto maintenance free

Logistique

EAN / GTIN: 4026397304237
