Description:

New technology with retro look!

In the course of the retro wave, many different cultural memorabilia of former decades are fetched out of the woodwork and relaunched. The look mostly stays exactly the same, but the interior, especially concerning technical devices, has been modernized. This is just the way our Z-600 has taken. As the exterior is quite old-fashioned you would not assume the interior to consist of LED technology from the best grade. But the classic beam effect is produced by 156 (red: 48, green: 36, blue: 36, white: 36) diodes indeed. The beams find their way through six lenses and do produce the most different circular movements. Thanks to the 9 integrated programs a diversified performance is always guaranteed. And with the strobe effect and the sound control this attractive offer is perfected. By the way, one of the characteristics of the 5mm LEDs is their particularly bright illuminating power, which, in combination with the ambitious movements, is responsible for an impressive light experience. This spot will win you over, that is for sure.

Logistique

EAN / GTIN: 4026397341447

Poids: 5,45 kg

Longueur: 0.47 m

Largeur: 0.35 m

Hauteur: 0.39 m

Caractéristiques:

- Beams from the 6 lenses perform circular movements and change the direction of movement with every bass beat
- DMX512 control via regular DMX controller (occupies 7 channels)
- Sound controlled via built-in microphone
- Microphone sensitivity adjustable via rotary control
- Strobe effect
- Auto mode
- 9 internal programs
- Master/Slave function
- Rugged compact housing in a beautiful design
- Particularly bright illuminating power of the 5mm RGB + white LEDs

- Advantages of LED technology: long life of the LEDs, low power consumption, minimal heat emission, defacto maintenance free with brilliant light radiation
- Ready for connection with power cord and safety plug

Données techniques:

Alimentation électrique:	230 V AC, 50 Hz
Puissance totale de raccordement:	30,00 W
Canaux DMX:	4
Dimension:	Largeur : 43 cm Profondeur : 30,5 cm Hauteur : 45 cm
Poids:	4,60 kg
DMX channels:	4
DMX connection:	3-pin XLR
Sound-control:	via built-in microphone
LED type:	5mm
LED number:	156 (48 x red, 36 x green, 36 x blue, 36 x white)
Beam angle:	60°
Dimensions (L x W x H):	430 x 305 x 450 mm
Spécifications juridiques	
Produit spécial:	Non destiné à l'éclairage de la pièce dans les ménages
Utilisation:	Éclairage pour effets de spectacle
