Description:

Another classic with LED!

There are plenty beam effects. And from time to time they are alike. But there is one attribute, which can be clearly distinguished. The illuminant. Our RV-3x 3 has three LEDs (3 Watt) thus representing another spot which is the heir of a conventional colleague with discharge bulb. That's what many classics have to go through. But there's no need for sorrow now as the new technology finally offers a bunch of benefits. What does this mean for the RV-3x 3? Well, this means that it doesn't need much electricity although it is really powerful. And due to the the long life expectancy, maintenance is almost buried in oblivion. So lay back and watch the red, green and blue beams exit the six lenses and fulfill their circular movements - they will stay with you for a long time.

Caractéristiques:

- Beams exit from 6 lenses, perform a circular movement and change the direction of movement at every bass beat
- Sound-controlled via built-in microphone
- Microphone sensitivity adjustable via rotary control
- Easy installation via mounting bracket
- Equipped with 3 x 3 W LEDs: red, green, blue
- Ready for connection with power cord and safety-plug
- Advantages of LED technology: long life of the LEDs, low power consumption, minimal heat emission, defacto maintenance free with brilliant light radiation

Logistique

EAN / GTIN: 4026397381436

Poids: 3,50 kg

Longueur: 0.36 m

Largeur: 0.29 m

Hauteur: 0.24 m

Données techniques:

Alimentation électrique:	230 V AC, 50 Hz
Puissance totale de raccordement:	30,00 W
Dimension:	Largeur : 28,5 cm Profondeur : 25 cm Hauteur : 25,5 cm
Poids:	3,05 kg
Sound-control:	via built-in microphone
LED type:	3 W
LED number:	3 (1 x red, 1 x green, 1 x blue)
Beam angle:	140°
Dimensions (L x W x H):	285 x 250 x 255 mm
Spécifications juridiques	
Produit spécial:	Non destiné à l'éclairage de la pièce dans les ménages
Utilisation:	Éclairage pour effets de spectacle
