

EUROLITE LED BC-7 Beam effect with DOT-Effect

Effet boule à facettes compact, boule illuminée et DMX

Réf. : 51918807

GTIN: 4026397523508

L'article n'est plus disponible.

Description:

The compact LED BC-7 beam effect by Eurolite produces impressive, room-filling mirror ball effects in living rooms, home party rooms, smaller clubs and more. The matt surface with its clear lenses and the rotation make for amazing circular light effects ranging from continuous color changes, fades and dimmer effects to strobe effects. You can use the control unit on the device, a DMX controller or the supplied remote control to adjust the light effects.

The LED BC-7 comes equipped with six bright LEDs in the colors red, green, blue, amber and white. Thanks its ultralight plastic enclosure, you can easily take this effect with you and set it up everywhere. The base plate also allows for wall mounting.

Caractéristiques:

- Matt surface with clear lenses generate dotted beam performances
- Equipped with bright red, green, blue, amber and white LEDs
- 10 to 50 rotations (180°) per minute produce circular light plays
