

EUROLITE LED BC-8 Beam Effect MP3

Compact mirror ball effect with integrated speaker and MP3 player

Réf. : 51918808

GTIN: 4026397508529

L'article n'est plus disponible.

Description:

With the LED BC-8 Beam Effect with built-in MP3 player and loudspeaker by Eurolite, every room can be turned into a disco lickety-split. The light effects change to the rhythm of the music and illuminate the room with multiple variations of pulsating beams.

The diameter of only 18 cm makes the black, dome-shaped light effect particularly compact. Apart from six COB LEDs in the colors red, green, blue, white and purple, the device comes equipped with an SD card slot and a USB port so that you can connect your playlist directly with the BC-8. To select a song, you can use the supplied IR remote control.

Due to its small size, the BC-8 is perfectly suitable for mobile use. It can be easily installed and plugged in with a Euro plug yet the integrated 5-watt speaker makes for a rich sound.

Caractéristiques:

- Rotating LED beam effect with faceted surface provides for unique mirror ball effects
- Over 200 light beams
- Equipped with 6 bright LEDs in red, green, blue, violet and white
