Prix de catalogue: 71.28 €

TVA 19% incl.

Description:

SINGLELOCK PSP 1-point truss system

SINGLELOCK PSP is a 1-point truss system made of aluminum. The individual elements are connected via one cone, pivots and pins.

The advantage of the conical connection system is that the cone completely fits into the main chord so that highest load capacity is guaranteed. The Quick-Lock system enables fast, efficient and highly aesthetic assembly when the truss constructions are frequently assembled and dismantled.

The main chord is made of 50 mm aluminum tube with 3 mm wall thickness and offers a good relation between strength and weight.

SINGLELOCK PSP is a stable truss system for higher loads and extended durability. This system is mainly designed for intense use in stage installations, fair installations, event installations but also for permanent installations in discotheques and theatres.

With SINGLELOCK SP, decorative frames with advertising signs, transmission canvas etc. can be realized.

Caractéristiques:

- Tubes en aluminium de haute qualité de 50 mm de diamètre
- Poids réduit
- Pour la décoration ou la construction de cadres pour les films de projection
- Montage facile
- Tube porteur: 50 mm
- Made in Europe

Logistique

EAN / GTIN: 4026397489675

Poids: 1,05 kg

Longueur: 0.57 m

Largeur: 0.06 m

Hauteur: 0.06 m

- Pour des domaines d'application tels que: Agencement de salons; Scène; Bailleur

L'étendue des fournitures

- 1 x set de connecteurs

Données techniques:

Construction:	Montage facile
Tube porteur:	50 mm x 3 mm
Procédé de soudure:	Impulsion WIG
Matière de soudure:	AlMg 5
Matériau du tube:	AlMgSi 0,5
Couleur:	Couleurs alu
Dimension:	Longueur : 50 cm
Poids:	1,02 kg
