

EUROPALMS Ficus, plante artificielle, 110 cm

Ficus

Réf. : 82806313

GTIN: 4026397583465

Description:

The birch fig, also called "Ficus Benjamina", is a popular indoor plant. Since the care of the natural model is not entirely unproblematic, Europalms offers a good alternative with the Ficus forest tree: The artificial tree will certainly not resent a change of location or difficult lighting conditions. Both its naturally structured crown and the small side shoots consist of numerous branches with pointed oval leaves made of textile. The curved trunk is made of plastic. The artificial ficus tree has a total height of approx. 110 cm and is supplied in a black gardener's pot, which gives the plant a stable stand when placed in a cachepot.
