Description:

Especially in the sector of trade fairs, discotheques, theaters but also hotels, restaurants, kindergartens or other public event locations the fire protection plays an increasingly important role.

That is why our fire protection spray is the ideal all-rounder, wherever fire protection according to DIN4102 / B1 is required.

The odorless spray is used for subsequent impregnation of decorative fabrics - made of cellulose fiber fabric and jute -, paper or cardboard.

Please note that the flame protection is lost after contact with water.

For a wider range of coverage also available in 5-liter containers.

A corresponding safety data sheet is provided for download.
