

EUROPALMS Orchid arrangement 3, artificial

Orchidea in vaso decorativo

Art.n.: 82530348

GTIN: 4026397540185

Descrizione :

The artificial orchid from Europalms is especially suitable for window or counter decorations in home and business. It is completely undemanding and, unlike its natural model, does not resent any mistakes in care or location.

Its two flower stems of different lengths are covered with flowers made of textile. These feel waxy to the touch, making it hard to tell the difference from the real plant. At the tips of the flower stalks are closed buds made of PE. Leaves made of EVA material and a cover of artificial moss complete the lifelike appearance of the arrangement.

Slightly bent, the artificial plant potted in a decorative container in antique look reaches a total height of about 56 cm.

In the blink of an eye, you will set accents in your premises with this exotic splash of color.
